- Links**: [Demo](#) / [Source Code](#)

## EDUCATION

### JavaScript Fullstack Developer SoftUni Software University

01/2022 - Present

Sofia, Bulgaria

*What I have learned*

- Full Stack Web Development with React.
- JavaScript Advanced Techniques (building SPA with VanillaJS)
- Building APIs with ExpressJS.
- NoSQL Databases (MongoDB).

## EXPERIENCE

### Community Moderator SoftUni Discord Community

02/2022 - Present

Community members can ask questions, share resources, and engage in discussions related to software development and related fields.

*Achievements*

- Successfully **organized a series of web development events** that attracted a significant number of participants and received positive feedback from attendees.
- Led exam preparation sessions** that helped students feel more confident and well-prepared for their exams.
- Managed the SoftUni Discord community**, resolving conflicts, and promoting a positive and inclusive environment.
